

Wipeout painting with metallic screen

By Etsuko Hanajima

Preparation:

Plate 19.3cm (7.5 inches) in diameter

Paints: choose your favorite color from the strong colors like chrome green, chocolate brown, American beauty, blue or gray to make visible contrast.

metallic white paint, transparent enamel powder, white

Oil: open painting oil (slow dry type) *my painting oil is the mixture of balsam of copiba and mineral oil as 1:1.
balsam of copiba (thick type)

Brushes and tools: regular flat brushes, synthetic brushes, liner brush, wipe out tools, masking tape, sponge

When we paint in the way of “wipe out painting” we do not trace the outline. However, I show you the “outline” as attached just for your reference.
