

” How to paint Black Lace on Porcelain”

BY Hajar Alshaikh Alblooshi

Supplies:

Very fine pen

Outlining pen oil

Colors: Black, Grey

Transfer paper

First step:

draw your lace design on the porcelain using the transfer paper

mixed black color with the pen oil medium to ink consistency paint the whole design then fire it 780°C (1436 degrees F or cone 015)

Step Two

Mix your grey color with your normal medium that you use in painting.

Start adding shadow under the lace and the bow.

Fire it 780°C. (1436 degrees F or cone 015)
